

SEMESTER 2, 2010 Tin Sheds Art Workshops Faculty of Architecture Design and Planning. tinsheds@arch.usyd.edu.au

• **Semester 2 commences: Monday July 26 2010.** To secure your place in a class you must attend the first **2 classes**. This ruling is put in place because many students do not formally de-enrol themselves when they decide to not take the class). Un-enrolled students may attend the first one or two classes to see if a class place has become available. If students gain a place they must then enrol formally within their own faculty.
